

Bitfari Development Links

Where to go, what to build and how to build it!

Step 1

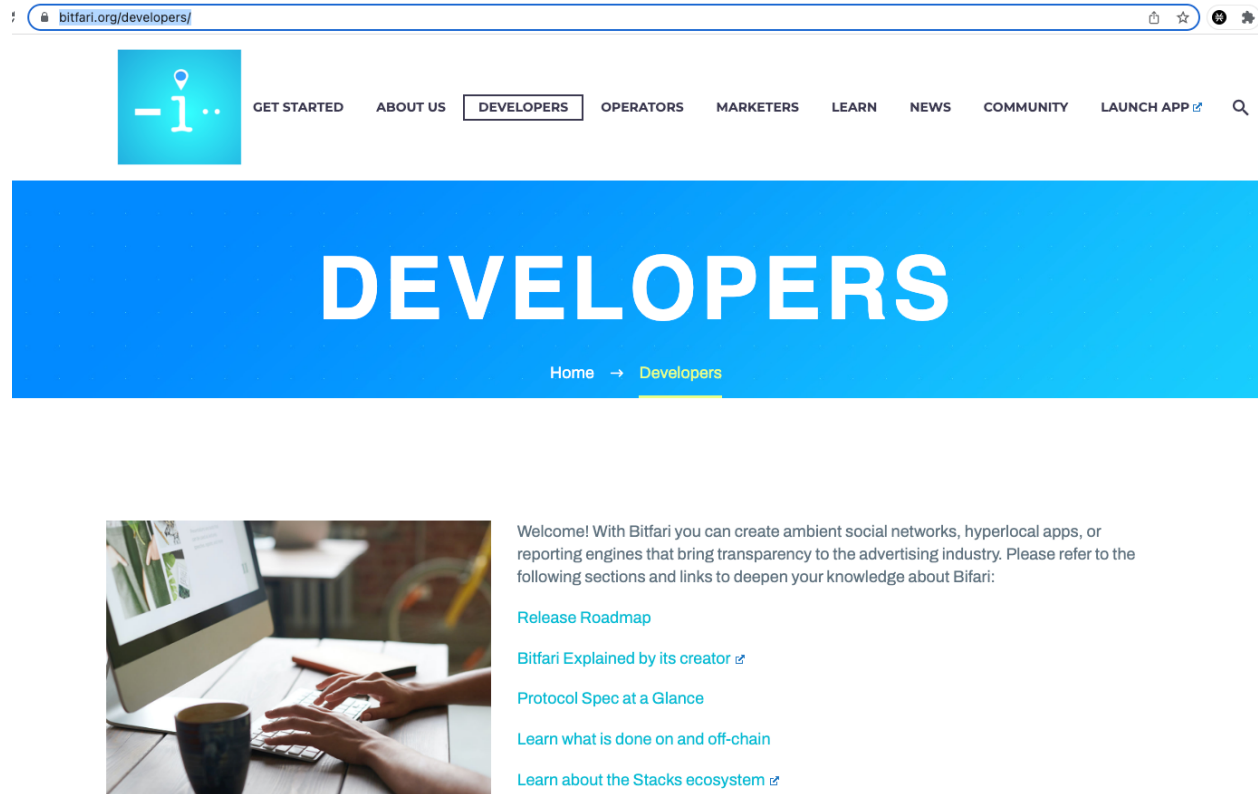

Get a Quick Intro About the platform by watching our ad:

The Poem-Ad: Introducing Bitfari

Step 2

Go to <https://www.bitfari.org/developers/> and learn about the protocol.

The screenshot shows the Bitfari website's developer page. At the top, the browser address bar displays "bitfari.org/developers". The navigation menu includes "GET STARTED", "ABOUT US", "DEVELOPERS" (highlighted), "OPERATORS", "MARKETERS", "LEARN", "NEWS", "COMMUNITY", and "LAUNCH APP". A large blue banner features the word "DEVELOPERS" in white, with a breadcrumb trail "Home → Developers" below it. The main content area includes a photograph of hands typing on a laptop keyboard next to a coffee cup. To the right of the image, a welcome message states: "Welcome! With Bitfari you can create ambient social networks, hyperlocal apps, or reporting engines that bring transparency to the advertising industry. Please refer to the following sections and links to deepen your knowledge about Bifari:". Below this message are five blue links: "Release Roadmap", "Bitfari Explained by its creator", "Protocol Spec at a Glance", "Learn what is done on and off-chain", and "Learn about the Stacks ecosystem".

DEVELOPERS

Home → Developers

Welcome! With Bitfari you can create ambient social networks, hyperlocal apps, or reporting engines that bring transparency to the advertising industry. Please refer to the following sections and links to deepen your knowledge about Bifari:

- [Release Roadmap](#)
- [Bitfari Explained by its creator](#)
- [Protocol Spec at a Glance](#)
- [Learn what is done on and off-chain](#)
- [Learn about the Stacks ecosystem](#)

Step 3

Choose the most relevant guide, link or repo for your development

Github Repos

Protocol + DAO Intro: <https://github.com/bitfari/bitfari.org>

Fari Fungible Token Repo: <https://github.com/bitfari/fari-fungible-token>

Digital Land Marketplace: <https://github.com/bitfari/land>

Social Connector Repo (Open Source): <https://github.com/bitfari/social-connector>

Club Cash NFTs: <https://github.com/bitfari/clubcash>

Github Repo Contribution Guidelines: <https://github.com/bitfari/crypto-ecosystems>

Digital Land Maps Repo: <https://codeberg.org/friedger/bitfari-digital-land-map>

Guides

Mint Digital Land and place your apps there:

Creating a Bitfari Map: https://app.sigle.io/friedger.id/w80WXRpdw5tP835_RK0lp

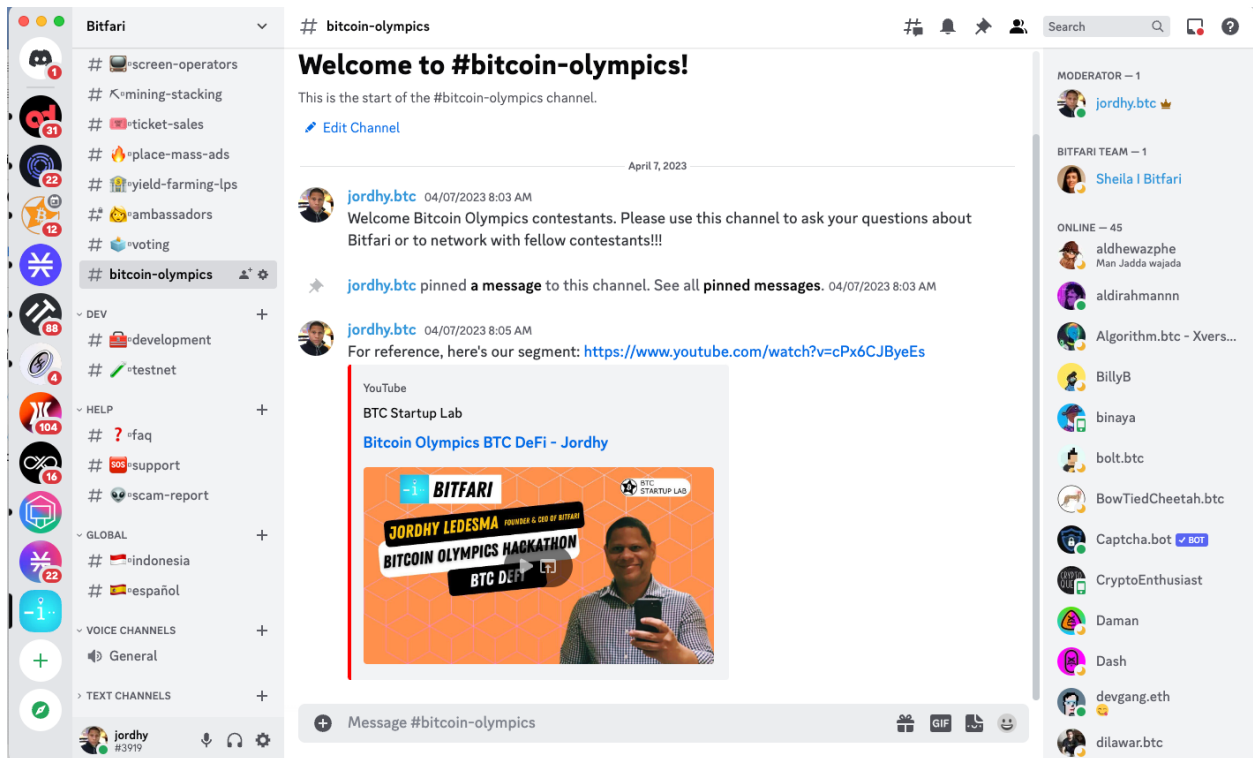

Crucial Links

Learn in 30 minutes: <https://www.bitfari.org/learn/>

Community Links: <https://www.bitfari.org/community/>

Step 4

Join the Discord Channel created for hackathon members (#bitcoin-olympics):

The screenshot shows a Discord interface for the #bitcoin-olympics channel. The channel name is #bitcoin-olympics. The welcome message reads: "Welcome to #bitcoin-olympics! This is the start of the #bitcoin-olympics channel." Below this, a pinned message from jordhy.btc (dated 04/07/2023 8:03 AM) says: "Welcome Bitcoin Olympics contestants. Please use this channel to ask your questions about Bitfari or to network with fellow contestants!!". The pinned message also includes a YouTube link: "For reference, here's our segment: <https://www.youtube.com/watch?v=cPx6CJByeEs>". The video thumbnail shows a man holding a phone, with text overlays: "BITFARI", "JORDHY LEDESMA FOUNDER & CEO OF BITFARI", "BITCOIN OLYMPICS HACKATHON", and "BTC DeFi". The channel has 45 online members and a moderator named jordhy.btc.

Step 5

Read the whitepaper and gain more ideas to monetize your apps!
